Warning

Never remove, unplug, or replace any components inside this machine without first turning off the mains power. Failure to comply may result in damage to your machine and void your warranty.

Installation

Overview

To prepare your **Quick Change** for use, you need to:

- Connect the machine to a power source
- Reset the system
- Load the coins

The following installation instructions show you how to do this.

Start Up

To start the machine:

1. Unpack and install the equipment supplied.
 2. Open the Main Door of the machine.
 3. Plug the **QC-5003** power cord into the internal three pin socket. Plug the other end into a mains supply outlet.
 4. Switch the unit on using the Mains Switch on the Power Supply Front Panel.
-

Reset Meters and Events to zero

To reset the meters and events to zero:

1. Start with the machine powered down. Press and hold down buttons 1 and 3 while the machine powers up. Release both buttons.

SYSTEM RESET?
PUSH 2 TO PROCEED

2. Press button 2.

INSERT CURRENCY NOW
\$0.00

The machine has now been reset to zero and is ready to accept currency.

Fill Hoppers

This unit is designed to pay out automatically. When the correct funds have been inserted, the **Quick Change** will dispense the appropriate number of coins. Partial credits will be held until further funds are inserted to enable payout.

If the machine becomes empty in the course of operation, simply add coins and turn the machine off and on again. The machine will resume payout where it left off when the hopper was emptied.

To add coins to the hopper:

1. Check that there are no rubber bands, coin bags, or other foreign bodies in with the coins.
 2. Check that you are placing the correct denomination of coins into the correct hopper.
 3. Pour the coins into the hopper.
