

Air Shammee in-bay drying system

Quick, uncomplicated drying

The Air Shammee is easiest way to generate more profit in your wash bays. It is easily integrated into your self serve options and is a great way to get customers spending more money. Perfect for quick, uncomplicated drying, it reduces spots and is easy on the paint. The strong blower and specially designed air nozzle give a glossy spotless result with minimal noise!

It dries the smallest gaps including door joints, outside mirrors, radiator grills and more. It really eliminates water spots in the most annoying places. This, combined with an Air Boom, is the next profit-making attraction in your wash bay.
