

## DogWash self serve pet wash station

## Join the boom!

With 4.8 million pet owners currently spending over \$2 billion on the care and welfare of their pets each year, there's never been a better time to join the industry that's growing at 10% every year. Already, hundreds of Dog Wash Systems are successfully operating throughout Australia, Europe and the US. Let us show you how you can benefit from a WashTec Dog Wash.

### Advantages

- Business all year round
- No more rainy days!
- 1 Year Warranty
- New Revenue
- Low cost, high profit
- Little maintenance required
- For dogs of all shapes & sizes

### Wash Options

- Wash Bay Disinfectant
- Silky Shampoo Wash
- Soft Conditioner Wash
- Fresh & Clean Rinse
- Flea Eradicator
- Blow Dry
- Turbo Blow Dry

# The cutest way to profit.

A coin, token, or an optional note acceptor system consisting of various washing & drying functions will provide your customers with an easy, convenient, low cost way to wash their dogs clean. It's high grade Stainless Steel construction and low maintenance cost, ensures long life and on-going profit!

## An investors best friend

The Dog Wash can function as a completely 'stand alone' operation or integrated into your existing car wash, service station, caravan park pet store and anywhere dog lovers visit.

## Sit Back & Profit!

Many operations wash an average of 50-60 dogs each week. Each wash generates an average spend of \$12 but costs you only \$1.10. WashTec can provide you with a customised financial model showing you how payback on this investment is achievable in as little as 8 months.

## Features
